A ROOM WITH A VIEW & HOWARDS END E. M. Forster 2018-11-02 A Room with a View – When Lucy Honeychurch embarks on a journey of a lifetime to Italy, little does she know that she would fall for the reckless man George, with whom she and co-traveller had exchanged the room with in Florence. In spite of her self-denial about her growing attraction to George Lucy knows in her heart that she cannot marry another man, let alone Cecil Vyse, who is not only downright obnoxious but also overbearing. This book is a classic romance which has also been adapted into a highly successful movie featuring Helena Bonham Carter, Julian Sands, Maggie Smith and Daniel Day-Lewis. Howards End - The story revolves around three families in England at the beginning of the 20th century: the Wilcoxes, rich capitalists with a fortune made in the colonies; the half-German Schlegel siblings (Margaret, Helen, and Tibby), whose cultural pursuits have much in common with the Bloomsbury Group; and the Basts, an impoverished young couple from a lower-class background. As fate would have it, their lives are going to be intertwined in such a manner that the secret passions and flying tempers would bring each of the family to the verge of ruin. Can they survive this vortex or will they be ruined forever?

Forster published his novel *A Passage to India* in 1924, after he visited India beforehand in 1912 and in 1921. The novel deals in large parts with the political occupation of India by the British army and the concluding relations between the English and the native population. It is also about the friendship between the two main characters, Cyril Fielding and Dr. Aziz, with all its obstacles. *A Passage to India* wants to describe the differences between the Eastern and Western culture and how they might find together. This seminar paper discusses the relevant parts of the structure of this novel, which help Forster to create the gap between the cultures and the struggle of them getting together. These structural means are the use of a tripartite structure, specific locations and motifs in the novel.

Forster, 13 entries in the bibliography, language: English, comment: This paper examines Forster's depiction of the friendship between Dr. Aziz and Dr. Fielding in "A Passage to India" and the influence of British colonialism on personal relationships in general., abstract: 1Introduction E.M. Forster's last novel A Passage to India has been widely appreciated as his most brilliant, most successful, and most valuable work of art. It has received a high reputation as one of the greatest, but also "most puzzling," (Allen, 934) modern masterpieces ever written. After its publication in 1924 "it was accorded instant recognition, as a fine novel and as a perceptive and sympathetic treatment of the problem of 'Anglo-India'" (White, 641). In the novel Forster examines racial tensions between the British colonizers and the Indian people at the time of the British Raj and also the philosophical question about the nature of human relationships in general. Despite its great acclaim, it has also been highly criticized and its release gave rise to a political controversy about British imperialism because it was perceived as a clear offensive against the British imperialists. Some literary critics doubt the novel's credibility since it allegedly depicts British officials behaving too cruelly and the relations between British and Indians as unrealistic (Macaulay, 188). Although most criticism focused on its political assumptions, and Forster himself intended to express his scepticism about British imperialism in India and its destroying impact on human personal relationships, it was not predominantly intended to be a political novel. However, "as a political novel it has had a notable success" (Rutherford, 2). Forster's central purpose i
