THE HISTORY OF TOY SOLDIERS

Pen & Sword Military Humans have made and collected toy soldiers from time immemorial. They amuse and comfort us, awaken our curiosity, turn aggressiveness into creativity. In *The History of Toy Soldiers*, Luigi Toiati, himself an avid collector and manufacturer of toy soldiers, conveys and shares the pleasure of collecting and playing with them. Far from a dry encyclopedia, it leads the reader through the fascinating evolution of the toy soldier from ancient times to the early twenty-first century. The author, as a sociologist with an interest in semiotics (the study of signs), offers truly original insights into why different types of toy soldiers were born in a given period and country, or why in a given size and material. The author's writing is packed with factual detail about the different types of toy (and model) soldiers and their manufacturers, but also with anecdotes, nostalgia, wit and his enduring passion for the subject. Six hundred beautiful color photographs, many depicting the author's own collection, complete this delightful book.

BRITAINS TOY SOLDIERS

THE HISTORY AND HANDBOOK, 1893-2013

Pen and Sword This is the first full-colour history of the world-famous toy soldiers to chart the whole story of their development from Victorian table toy to 21st Century collectable. Prior to 1893 the family toy business of the Britain family was struggling as the toy industry was dominated by German manufacturers and importers. Then came the fateful decision first to import, then to design and manufacture, toy soldiers, an area the German firms were particularly strong in. Britains Toy Soldiers were born and soon their boxes stamped with the slogan 'Best Quality English Make' were being eagerly opened by little boys across Britain and then around the world. The rest, as they say is history and it is all captured here by James Opie, the world's leading expert on the subject, as he lovingly traces the varying fortunes of arguably the most famous British toy company. Illustrated with lavish colour photographs, many of them featuring items from the author's own collection, the book includes feature sections such as collectors' favourites and prices, high-value and famous sets, artistic highlights, quirks and mysteries. It is without doubt the most authoritative book on the subject and will be welcomed by the thousands of devoted collectors world wide as well as many more with fond memories of childhood battles with these beautiful toys.

ACADEMY OF LEARNING: YOUR COMPLETE PRESCHOOL LESSON PLAN RESOURCE - VOLUME 5

CHRISTMAS IN DENMARK

World Book .com Describes in text and illustrations how Christmas is celebrated in Denmark. Also includes stories, songs, recipes, and craft projects.

MILITAINMENT, INC.

WAR, MEDIA, AND POPULAR CULTURE

Routledge Militainment, Inc. offers provocative, sometimes disturbing insight into the ways that war is presented and viewed as entertainment—or "militainment"—in contemporary American popular culture. War has been the subject of entertainment for centuries, but Roger Stahl argues that a new interactive mode of militarized entertainment is recruiting its audience as virtual-citizen soldiers. The author examines a wide range of historical and contemporary media examples to demonstrate the ways that war now invites audiences to enter the spectacle as an interactive participant through a variety of channels—from news coverage to online video games to reality television. Simply put, rather than presenting war as something to be watched, the new interactive militainment presents war as something to be played and experienced vicariously. Stahl examines the challenges that this new mode of militarized entertainment poses for democracy, and explores the controversies and resistant practices that it has inspired. This volume is essential reading for anyone interested in the relationship between war and media, and it sheds surprising light on the connections between virtual battlefields and the international conflicts unfolding in Iraq and Afghanistan today.

PLANNING FOR LEARNING THROUGH TOYS

Andrews UK Limited Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of toys. The *Planning for Learning* series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy. This book takes you through six weeks of activities on the theme of toys. Each activity is linked to a specific Early Learning Goal, and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting. The weekly themes in this book include: favourite toys, construction toys, moving toys, puppets and special toys.

THE INTERNATIONAL CONFECTIONER

ENCYCLOPEDIA OF EPHEMERA

A GUIDE TO THE FRAGMENTARY DOCUMENTS OF EVERYDAY LIFE FOR THE COLLECTOR, CURATOR AND HISTORIAN

Routledge The joy of finding an old box in the attic filled with postcards, invitations, theater programs, laundry lists, and pay stubs is discovering the stories hidden within them. The paper trails of our lives -- or ephemera -- may hold sentimental value, reminding us of great grandparents. They chronicle social history. They can be valuable as collectibles or antiques. But the greatest pleasure is that these ordinary documents can reconstruct with uncanny immediacy the drama of day-to-day life. *The Encyclopedia of Ephemera* is the first work of its kind, providing an unparalleled sourcebook with over 400 entries that cover all aspects of everyday documents and artifacts, from bookmarks to birth certificates to lighthouse dues papers. Continuing a tradition that started in the Victorian era, when disposable paper items such as trade cards, die-cuts and greeting cards were accumulated to paste into scrap books, expert Maurice Rickards has compiled an enormous range of paper collectibles from the obscure to the commonplace. His artifacts come from around the world and include such throw-away items as cigarette packs and crate labels as well as the ubiquitous faxes, parking tickets, and phone cards of daily life. As this major new reference shows, simple slips of paper can speak volumes about status, taste, customs, and taboos, revealing the very roots of popular culture.

the almost impossible standards set by the workshops.

COLLECTING TOY SOLDIERS IN THE 21ST CENTURY

Casemate Publishers *This serves as an update of the author's successful Collecting Toy Soldiers (Collins, 1987; pbk edition, New Cavendish, 1991). In it James Opie gives the collector the benefit of thirty years' experience as the world's leading authority on traditional toy soldiers (as opposed to model soldiers used in wargaming etc) and a lifetime as a collector himself.*

THE MUSEUM MAKERS

A JOURNEY BACKWARDS

September Publishing *Part memoir, part detective story, part untold history of museums - The Museum Makers is a fascinating and moving family story. 'Rachel Morris is one of the smartest storytellers I have ever met ... a wonderful and beguiling book' James Rebanks, author of The Shepherd's Life Without even thinking I began to slide all these things from the dusty boxes under my bed into groups on the carpet, to take a guess at what belonged to whom, to match up photographs and handwriting to memories and names - in other words, to sort and classify. As I did so I had the revelation that in what we do with our memories and the stuff that our parents leave behind, we are all museum makers, seeking to make sense of the past.; Museum expert Rachel Morris had been ignoring the boxes under her bed for decades. When she finally opened them, an entire bohemian family history was laid bare. The experience was revelatory - searching for her absent father in the archives of the Tate; understanding the loss and longings of the grandmother who raised her - and transported her back to the museums that had enriched her lonely childhood. By teasing out the stories of those early museum makers, and the unsung daughters and wives behind them, and seeing the same passions and mistakes reflected in her own family, Morris digs deep into the human instinct for collection and curation.*

THE FOUNDATIONS OF MIND

ORIGINS OF CONCEPTUAL THOUGHT

Oxford University Press *In The Foundations of Mind, Jean Mandler presents a new theory of cognitive development in infancy, focusing on the processes through which perceptual information is transformed into concepts. Drawing on her extensive research, Mandler explores preverbal conceptualization and shows how it forms the basis for both thought and language. She also emphasizes the importance of distinguishing automatic perceptual processes from attentive conceptualization, and argues that these two kinds of learning follow different principles, so it is crucial to specify the processes required by a given task. Countering both strong nativist and empiricist views, Mandler provides a fresh and markedly different perspective on early cognitive development, painting a new picture of the abilities and accomplishments of infants and the development of the mind.*

PLANNING FOR LEARNING THROUGH SHAPES

Andrews UK Limited *Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of shapes. The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy. This book takes you through six weeks of activities on the theme of shapes. Each activity is linked to a specific Early Learning Goal, and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting. Salient features:*

- Structured and lucid presentation of content
- Includes the latest research outcomes in strategic management theory and practice
- Contains a separate chapter on preparing a case analysis

• A short opening case, closing case, 'strategic spotlight' and 'a great decision' in every chapter

- Objective as well as subjective exercises at the end of each chapter

THE BOOKSELLER

'UN-AMERICAN' HOLLYWOOD

POLITICS AND FILM IN THE BLACKLIST ERA

Rutgers University Press *The concept of "un-Americanism," so vital to the HUAC crusade of the 1940s and 1950s, was resoundingly revived in the emotional rhetoric that followed the September 11th terrorist attacks. Today's political and cultural climate makes it more crucial than ever to come to terms with the consequences of this earlier period of repression and with the contested claims of Americanism that it generated. "Un-American" Hollywood reopens the intense critical debate on the blacklist era and on the aesthetic and political work of the Hollywood Left. In a series of fresh case studies focusing on contexts of production and reception, the contributors offer exciting and original perspectives on the role of progressive politics within a capitalist media industry. Original essays scrutinize the work of individual practitioners, such as Robert Rossen, Joseph Losey, Jules Dassin, and Edward Dmytryk, and examine key films, including The Robe, Christ in Concrete, The House I Live In, The Lawless, The Naked City, The Prowler, Body and Soul, and FTA.*

12 MULTICULTURAL NOVELS

READING AND TEACHING STRATEGIES

Walch Publishing *Incorporate multicultural literature easily into your English program!
