The Mammoth Book of Shark Attacks Alex McCormick 2013-11-07 The biggest-ever selection of first-hand accounts and news reports of shark attacks, both recent and historical, shows how sharks are masters of the ocean and how we enter their domain at our own risk. Think you're the Med? Read about the Great Whites that thrive near holiday beaches. Think you're safe in large groups? Read about the sinking of the USS Indianapolis in 1945 when hundreds of sailors floated for days in shark-infested waters, being picked off one-by-one. Think you're safe at home? Read about the 69-year-old man, taking his regular evening swim, jumping off his backyard dock straight into the mouth of a bull shark. Many more extraordinary and gruesome accounts, including the shark-boat skipper who slit open the belly of a 360-kg tiger shark only to have a head, pelvis, and arm come tumbling out, provide horrific and moving tales of shark encounters. The courage of survivors and those who have risked their lives to save shark attack victims is truly inspirational. Where can you find sharks? Features on different shark species with illustrations, fact boxes and maps show where they lurk around the world. Also included are a selection of full-colour photographs and sections on the life cycle of a shark, how to avoid a shark attack and how to survive one.

I Survived the Galveston Hurricane, 1900 (I Survived #21) Lauren Tarshis 2021-09-07 More than a century later, the Galveston Hurricane of 1900 is still America's deadliest disaster. Lauren Tarshis's story of one child surviving the horrible event churns with page-turning action and bold descriptions. The city of Galveston, Texas, was booming. Perched on an island off the southern coast of Texas, Galveston had been founded in the 1830s. It was Texas's richest and most important city. Boats loaded up with American cotton and wheat steamed from Galveston to countries around the world. Arriving ships were crowded with immigrants. The streets, paved with crushed oyster shells, sparkled like they'd been sprinkled with diamonds. True, this glittering city was prone to flooding. But just a few years before, a weather forecaster had said the idea of a hurricane hitting Galveston was absurd. So when a storm started brewing on September 8, 1900, no one believed it would be any worse than previous storms. People gathered on the beach to cheer on the wild waves. But what started as entertainment soon turned into a nightmare as those wild waves crashed into the city. By morning, hundreds of homes were destroyed. Eight thousand people were dead. The city had all but disappeared. In this thrilling installment of Lauren Tarshis's New York Times bestselling I Survived series, one child finds safety only to head back into the treacherous waves to make sure his neighbors are safe.

I Escaped The World's Deadliest Shark Attack Scott Peters 2019-09-28 A young sailor is trapped in the ocean, surrounded by hundreds of man-eating sharks, during the deadliest attack the world has ever seen. Can he escape? From multi-award-winning Ellie Crowe and Scott Peters. Old Josh is thrilled to be a crew member aboard the mighty USS Indianapolis. But when a Japanese torpedo strikes in the middle of the night, it tears the warship in half. Josh is thrown from the deck and plunged deep into the black ocean. In horror, he watches the massive vessel begin its death plunge, threatening to pull him down with it. Josh is no swimmer. He's a baseball player from San Antonio, Texas. He's way out of his element. Soon, hundreds of sharks begin to circle. He's living his worst nightmare, but for how long? How can he survive with no lifeboat, no air, or water, and countless hungry sharks? Every hour is a fight because if he gives up, he'll never make it home. But does he have what it takes to survive? With no rescue team in sight, can Josh ever hope to escape? On July 30, 1945, the USS Indianapolis was torpedoed at 15 minutes past midnight. It sank in 12 minutes. The survivors spent four days fighting off the deadliest shark attacks in history. This is the 3rd children's book in the I Escaped Series about brave kids who face real-world challenges and find ways to escape. Sure to appeal to fans of books like I Survived and New York Times Bestseller Lauren Tarshis, stories about the Titanic, and readers of Alan Gratz. An important, relevant tale of bravery and friendship during a terrible tragedy in American history.

Close to Shore Michael Capuzzo 2001 As the idle rich thronged the palatial hotels of the Jersey Shore in the summer of 1916, America was at its most self-confident. But the world's first industrial superpower was about to receive a series of terrifying shocks. Sharks, it was believed, were simply not man-eaters, so when a lone Great White shark, driven inshore by freak climatic conditions, began to develop a taste for human flesh, America went into total denial. Only after the most horrific attacks was the truth admitted - and an unprecedented national frenzy forced President Woodrow Wilson to mobilize the US Navy in an attempt to put nature back in its place. Combining biology, history and adventure, this is the first book on the events that pitted 20th-century technology against an ancient, mythic enemy and became the model for Peter Benchley's *Jaws*.

Close to Shore Michael Capuzzo 2002-06-25 Combining rich historical detail and a harrowing, pulse-pounding narrative, *Close to Shore* brilliantly re-creates the summer of 1916, when a rogue Great White shark attacked swimmers along the New Jersey shore, triggering mass hysteria and launching the most extensive shark hunt in history. In July 1916 a lone Great White left its usual deep-ocean habitat and headed in the direction of the New Jersey shoreline. There, near the towns of Beach Haven and Spring Lake--and, incredibly, a farming community eleven miles inland--

most ferocious and unpredictable of predators began a deadly rampage: the first shark attacks on swimmers in U.S. history. Capuzzo interviews a vivid portrait of the era and meticulously drawn characters with chilling accounts of the shark's five attacks and the frenzied hunt that ensues. From the unnerving inevitability of the first attack on the esteemed son of a prosperous Philadelphia physician to the spine-tingling moment a farm boy swimming in Matawan Creek feels the sandpaper-like skin of the passing shark, *Close to Shore* is an undeniably gripping saga. Heightening the drama are stories of the resulting panic in the citizenry, press and politicians, and of colorful personalities such as Herman Oelrichs, a flamboyant millionaire who made a bet that a shark was no match for a man (and set out to prove it); Museum of Natural History ichthyologist John Treadwell Nichols, faced with the challenge of stopping a mythic sea creature about which little was known; and, most memorable, the rogue Great White itself moving through a world that couldn't conceive of either its destructive power or its moral right to kill. Scrupulously researched and superbly written, *Close to Shore* brings to life a breathtaking, pivotal moment in American history. Masterfully written and suffused with fascinating period detail and insights into the science and behavior of sharks, *Close to Shore* recounts a breathtaking pivotal moment in American history with startling immediacy.
